

To Home Buyers in the Highland Lakes Area:

We are writing this letter in support of Langley Homes with whom we had the privilege of working with on the construction of a our new home in Burnet, TX.

The entire Langley family looks after and insists on fine craftsmanship from every subcontractor and they do not accept second-rate work in anything. They took the time to make suggestions and offer valuable insight in areas we never would have imagined. We were welcomed on the construction site whenever we wanted and changes and accommodations were made swiftly and accordingly. All these examples are a testament to their knowledge and experience in home building. We were very fortunate in working with Ricky, Ann, Wade and Nicole and we are even happier to count them as friends.

If we had to do it over again we can honestly say we wouldn't change a thing and we wouldn't hesitate one minute to recommend other prospective buyers in the market to have their own dream house built.

Sincerely,
